When International Bowling Industry magazine decided to produce a webinar on saving money in F&B, we chose Gary Ciniello for our “food guy.” As expected, Gary delivered his presentation packed with solid information. His knowledge will pay off in serious money for proprietors who put Gary’s insights and procedures to work.

IBI webinar attendees understood this. A number of them asked Gary for worksheets he offered during the seminar. As we said in introducing him, *very* few people in the industry know the food business as well as Gary, The Menu Guy, Ciniello.”

Thanks a million, Gary!
